# 04 OUR WORK

## OUR WORK

The work we do is broadly organised into 4 pillars with the central pillar being our Stay Shining communities

01

The defining pillar of the foundation where the focus lies in rebuilding, uplifting and giving back to communities. It is inclusive of people of influence who can give opportunities to the youth.

02

Adopting a global approach to leveraging existing networks in order to connect global and local activists.

STAY SHINING

03

Providing talented youth in the arts and culture space with access to meaningful opportunities.

04

Building a platform of safe mental health spaces for our Stay Shining Communities and supporting the efforts being carried out by existing organisations in the mental health space.
